

\$7,000,000 FIRE OCCURS AT N. Y.

Building of Equitable Life Destroyed.

FIVE PERSONS LOSE LIVES

Magnificent Structure Occupying Nearly a Block, Is Prey of Flames—Grossed Wires Believed to Have Caused Disaster.

Seven million dollars' loss was caused at New York by a fire that destroyed the magnificent building of the Equitable Life Assurance society, the persons are known to be dead, and three others are missing, believed to be buried in the ruins of the building. The entire block between Nassau, Pine and Cedar streets and Broadway, one and a half blocks, was destroyed. Officials of the Equitable company estimated the loss on the building at \$7,000,000 and declared that the loss on the contents would be fully \$1,500,000.

Crossed Wires Caused Fire.

The fire is believed to have been caused by spontaneous combustion of crossed electric wires. The fire had a big headway when the fire department arrived on the scene as a result of a failure of the building employees to turn in alarm when the flames were first discovered.

The fire which was discovered in the basement, spread with great swiftness, especially after it reached the main floor, and the flames were carried by the wind to the roof.

Three Fall With Roof.

Many of the fire fighters were injured by flying debris and one of the most thrilling and heart-rending scenes of the conflagration was the death of three men who were trapped in the cupola. All perished when the roof fell.

William Gilbin, president of the Mercantile Safe Deposit company, which had offices in the Equitable building, had a narrow escape from death while trying to rescue precious documents from the burning building after having been reported killed several times, was finally carried out on a stretcher, and it was said that his fighting chance for life was slender.

Deputy Fire Chief Burned.

Deputy Fire Chief Walsh is among those who perished in the flames which destroyed the Equitable building. Many firemen were injured by flying debris which was blown from the roof by a high wind.

ADMIRAL EVANS DIES

Death Calls One of Most Popular Officials in Navy.

Rear Admiral Robley D. Evans, 46, died suddenly Wednesday at his home in Washington. Acute indigestion ended the career of one of the most popular officers in the navy. He was less than two hours.

Admiral Evans, born sixty-five years ago in Ford county, Virginia, arose to prominence in the navy through his own efforts. For years a sufferer from rheumatism, he was able to overcome the ailment and from recurrent attacks of rheumatism, the aged fighter seemed to have shaken off the burden of his advancing days. He displayed high spirits at breakfast and ate a hearty luncheon at noon.

While in his library at 2 o'clock the admiral was stricken. Instantly his family sent for Dr. S. S. Adams, who on his arrival found the patient in great pain. After treatment, Admiral Evans fell into a restless sleep and it was thought that the danger had passed. Shortly after 4 o'clock, however, he awakened, and raising himself with difficulty, announced he was choking.

"I cannot get my breath," he said, and sank back. At 4:45 o'clock he died, conscious to the end.

The news spread with great rapidity and caused a profound shock in official circles. President Taft was one of the first to express his grief and sympathy.

BALTIMORE THE PLACE.

Democrats Will Nominate Candidate One Week After Republican Meeting.

The Democratic national convention was set for June 25, 1912, by the Democratic national committee at Washington. This is one week later than the Republican convention. The selection of a date was the first matter considered when the committee met. The Baltimore stood well in the lead, with St. Louis and Denver third. New York and Chicago were practically out of the running.

Baltimore was finally selected as the place for holding the convention.

PUT TO TORTURE.

Aged New Yorker and Wife Are Shockingly Mutilated.

A case of double murder found in an east side house at New York city is one of the most shocking in details of any since the Golden Gate dispensary case. Isaac Fitterman, 80 years old, and his wife, Rachel, 72 years old, were found dead in their rooms, their bodies terribly mutilated. The police believe the aged couple was practically tortured to death, and in the absence of any well established motive for such a crime, think the Fittermans were the victims of a religious fanatic.

Rowdy Negroes Make Attack on White Boy.

Coincident with recent numerous complaints of disorder among young negroes, coming from people in different sections of the city and especially in the vicinity of the negro settlement on Union Street, John W. Ward, who lives at 418 High Street, reported to the police department late yesterday afternoon what was apparently, an almost marvelous escape of his 10-year-old son John W. Jr., from a tragic experience with a number of these young negro boys, ranging in ages from 10 to 15 years, who accosted the white boy at Union and High streets, pelting him with rocks, then dragging him from his bicycle and threatening his life, one with a small rifle and the other with a big knife.

The True American.

Senator Robert M. La Follette, now seeking the republican nomination for president, said in his Saginaw, Mich., address: "A true American believes in democracy. He believes men and women are equal and entitled to an equal chance. But the democratic party in the south is in the aristocracy. The southern democrat despises alike the poor white and the negro, and that is not the sentiment that makes for popular government."

The Swanne Democrat, published at Live Oak, Fla., one of the sterling Democratic weekly papers of the State below us, a newspaper of force and influence in its locality, announces in a strong editorial its preference for Oscar W. Underwood for President. The Democrat believes the war manifested in some parts of the South that the Alabamians would not be the most available man because of the locality from which he comes, is all tommyrot, and makes a clear argument against this bogey. It weighs all of the other candidates and concludes that in its opinion Underwood is head and shoulders above his Democratic associates.

We trust it will spread and result in his receiving the support of the delegation from that state. One thing is certain, during the past few weeks the Underwood movement has grown to such proportions as to make him one of the formidable factors to be reckoned with when the convention meets. There is nothing in the Underwood record to be explained. His ability and courage, his safety and sanity, are recognized even by those who have announced their preference for other aspirants. There is little to say against Underwood; there is everything to say for him. —Montgomery Advertiser.
